PROFESSIONAL SUMMARY

_____

Information Technology student with 3 years of hands-on experience in website development and desktop applications. Proficient in C# .NET, front-end and back-end web technologies, and SQL Server database management. Certified CCNA in Switching and Routing with a strong foundation in network setup and security. Holds multiple certifications in cybersecurity, IoT, Arduino, and data science. Passionate about continuous learning and innovation in IT.

EDUCATION

_____

Bachelor of Information Technology

Assiut International Technological University

2023 – 2027

Secondary School – Integrated Technical Education Cluster (ITEC)

Assiut, Egypt

2020 – 2023

CERTIFICATIONS

_____

- CCNA: Switching and Routing – Cisco
- HTML & CSS Certificate
- Network Technician Career Path
- Introduction to Cybersecurity – Cisco
- Junior Cybersecurity Analyst – Cisco
- Arduino Level 1 Certificate
- Arduino Level 2 Certificate
- IoT Course Certificate
- Introduction to Data Science Certificate
- Ethical Hacker Certificate

Skills

_____

Soft Skills

- Problem-solving and analytical thinking
- Continuous learning and self-development
- Team collaboration and communication
- Time management and adaptability
- Attention to detail

Technical Skills

- Programming Languages: C# .NET, HTML, CSS, JavaScript, PHP, Dart
- Database Management: Microsoft SQL Server
- Networking: Cisco devices, VPN, ACL, network configuration and security
- Cybersecurity: Junior Cybersecurity Analyst, Ethical Hacking fundamentals
- Embedded Systems & IoT: Arduino Level 1 & 2, IoT applications
- Data Science: Introduction to Data Science

Languages

- Arabic: Native
- English: Professional working proficiency
